R.Giri Prasath Technical Manager

Passionate about driving next gen high performance MERN stack and cloud solution, mentoring and driving innovation through Generative AI for efficiency and impact.

Chennai, Tamil Nadu, India

Summary

IT professional with over 14 years of experience, specializing in GMC composition development, AWS migration utilizing Node.js. Proven expertise in MERN stack development, with a strong focus on delivering scalable and high-performance applications. Skilled in implementing Agile Scrum methodologies to enhance team collaboration and streamline project delivery.

In addition to technical proficiency, I excel in team leadership and management, effectively mentoring and guiding team members to achieve their full potential. I am dedicated to fostering an innovative and productive work environment, driving continuous improvement in both development processes and team dynamics. Experienced across various domains, including Banking, Financial Services and Insurance (BFSI), Healthcare, Higher Education, and Manufacturing Logistics, with a commitment to delivering exceptional results and maintaining strong client relationships.
