React js | Next js | Javascript 6+ Years of experience in building Dynamic Web Applications.
Chennai, Tamil Nadu, India

Summary

I am a highly skilled front-end developer with 5+ years of experience developing and maintaining web applications using React. My expertise in React allows me to create responsive, user-friendly interfaces that are both visually appealing and easy to navigate. I have a solid understanding of the latest web development technologies and am able to quickly adapt to new tools and frameworks. I am a team player who is able to collaborate with designers, developers, and stakeholders to deliver projects on time and to a high standard. I am dedicated to staying current with the latest developments in front-end technologies and am always eager to learn new skills.
