Ayesha Farhin

Tech Lead | Full Stack Developer
London Area, United Kingdom

Summary

Dedicated technology leader working as Full stack .Net Technical Lead Developer and mentor to multiple juniors/seniors engineers, with 13+ years of experience working on Azure services with Asp.Net, C#, WEB API, SQL and React.

Significant Agile Scrum experience. Excellent communication and client relationship management skills.

Strong leadership and problem-solving skills to guide cross-functional teams across geographies. Well organized and creative.

In my current role as Technical Lead at Cognizant, I have successfully led initiatives to enhance service reliability and win client trust while mentoring and empowering my team. I am deeply committed to fostering a collaborative, inclusive environment where innovation and continuous improvement thrive, and I take pride in helping my team grow and excel in their careers.

My goal is to continue pushing the boundaries of what is possible with technology while making a positive impact on the teams I lead and the industry as a whole.
