Ruth Angel Balu

Senior Full Stack Developer (Open to Opportunities) | 9+ Years Experience | Angular | NodeJS | MongoDB | MEAN | Frontend & Backend Developer | JavaScript | Open to Remote - Staunch Believer in People Connection

Chennai, Tamil Nadu, India

Summary

I'm a passionate and results-driven Frontend Developer with over 9 years of experience building scalable, responsive web applications across desktop platforms. Skilled in JavaScript, Typescript, Node JS, Angular, MongoDB, Express, Software Development (Web). An Engineer with a Bachelor's degree in Computer Science and Master's in Technology Management from Anna University.

I've always been a great problem solver, an independent who look for an opportunity to learn. Currently, I'm working as a Full Stack Developer for Cognizant Technology Solutions where I get to show off all these elements of who I am.

I started learning to code when I was a teenager, though it was always more of a hobby than a career focus.

After a college education in Computer Science Engineering, I always dreamt of working as a Software Engineer. I'm living my dream!!

Since then, I've worked on multiple projects and have been involved with a handful of notable projects. Today, I'm working as a Senior Associate with the amazing team at Cognizant Technology Solutions, and am getting into Cloud Technology on my own time.

Every business needs an enthusiast and if you are looking for one - Let's connect

LinkedIn was a great source of help during my job search, message me, and let's get talking if I can help!

Open to: Remote Frontend / Full Stack Developer roles | React/ Angular | Full-time or freelance | Work-from-anywhere

Tech Stack: Angular 14, React (learning), JavaScript, TypeScript, HTML5, SCSS, Node.js, Express.js, MongoDB, Git, Jenkins

Testing: Jasmine, Karma, Selenium WebDriver

Tools: Figma, JIRA, GitHub, GitLab

Current Focus: React.js projects, mobile-first UI/UX, and remote collaboration.

Experience

Cognizant

5 years 4 months

Senior Associate

April 2023 - October 2023 (7 months)

Chennai, Tamil Nadu, India

Associate

July 2018 - April 2023 (4 years 10 months)

Chennai, Tamil Nadu, India

Joined as Programmer Analyst in Cognizant Technology Solution in 2018. I wanted to challenge myself and utilize the immense knowledge gained in my previous organization. Cognizant paved the way to adapt to new technologies and show off the elements.

With the new domain, I got an opportunity to play the role of Full Stack Developer

Wipro Limited

Project Engineer

August 2015 - July 2018 (3 years)

Chennai, Tamil Nadu, India

Started my career as Project Engineer in Wipro Technologies in 2015. An independent who look for an opportunity to learn new things. Initially trained as an Automation Test Engineer and gradually paced up as an SDET. Worked in trending technologies like TOSCA and Selenium with Core Java. Also gained knowledge in TestNG, Git, Jenkins

Education

Anand Institute Of Higher Technology

Bachelor of Engineering - BE, Computer Engineering · (August 2011 - May 2015)
