# Iqbal Miah

Principal Consultant (Software Engineering - UK, Europe, and Benelux) at Signify

London, England, United Kingdom

## Summary

I specialise in providing Tech talent solutions for the UK and Europe. Having built trusted relationships within the technology community over the course of 7+ years, I've developed a deep understanding of the sector and the challenges of implementing solutions. So, I am well-placed to offer advice and support to all project leaders.

Alongside connecting candidates to the best career opportunities I help to develop their skills by providing access to online training and certifications. Not only does this help to raise the quality of the channel, but gives confidence to project leaders by ensuring that they always have the most experienced people on their programmes.

Working across multiple verticals, I have experience of recruiting the following professionals into both permanent and contract positions: CTO's, Engineering Managers, Software Engineers, Programme Managers, Practice Leaders, Change Managers, Project Managers, Business Analysts, Technical and Functional Consultants, and DevOps/Cloud Engineers.
