Partha Bhowmick

Leading AI-driven transformation initiatives, embedding automation
for enterprise efficiency.
United Kingdom

Summary

Strategic technology leader with 20+ years of experience in IT
transformation, change enablement, and enterprise-scale application
development. Adept at leading large-scale digital adoption,
driving cultural shifts, and embedding AI-powered solutions to
enhance operational efficiency. Skilled in stakeholder engagement,
Automation, Agile/DevOps methodologies, and process optimisation
to align technology strategies with business objectives.

Technical Competencies :
Change Management | AI/ML | Process Automation
Agile & DevOps | Cloud Architecture | Digital Enablement
Business Change Frameworks | AI Strategy & Implementation
Python | TensorFlow | Docker | Kubernetes | MLOps | CI/CD

Outside of work, I'm an avid traveller, having explored 10 countries
so far, and a passionate aviation enthusiast currently pursuing my
Private Pilot License (PPL).

I enjoy learning new things and connecting with people across a
range of industries, so don't hesitate to reach out or email me directly
